# Onboarding Event for Early Career Researchers (ECR) at the faculty of Psychology

**November 6, 2023, 16:00 - 17:00 University of Vienna  
Liebiggasse 5, 1010 Vienna, Lecture Hall G (2nd floor)**

## Welcome to the Faculty of Psychology!

If you've joined the faculty recently as a PhD candidate, this event is tailored for you. Academia can be overwhelming at any stage of your career - this is especially the case in the beginning. Our aim is to help you navigate your new academic environment and ensure you're fully informed.

You will be joined by a Vice Dean from our faculty, representatives from the Vienna Doctoral School for Cognition, Behavior, and Neuroscience, and an envoy from the Early Career Researchers (a network designed to support you during your first years in academia). We want to provide you the opportunity to not only feel welcome in your new working environment, but also to ask questions and discuss potential challenges with us.

## **CoBeNe Stammtisch**

After this formal part, it is time for drinks! Join us for the CoBeNe Stammtisch at The Long Hall pub just around the corner (Florianigasse 2, 1080 Vienna), a relaxed setting to socialize, meet fellow colleagues, and network - taking place multiple times every semester. And yes, post-docs, you are warmly welcome as well!
